

Contractor License Fees

All Licenses expire December 31st of each calendar year regardless of when they were purchased during the year.

If you obtained your license through the state reciprocal process, a copy of your current state license must be submitted to the inspections bureau upon renewal of your city of Knoxville license.

Before you will be allowed to purchase permits to install systems or service equipment, you must obtain a City of Knoxville Contractor's License and present a Contractor's Surety Bond with an original Power of Attorney attached. Contact the City's Board Office at 865-215-4244 for further information.
